FARMERS' DEMANDS.

Their Alliance Seeking Legislation in Kansas and Attempting to Control Nominations in South Carolina.

TOPEKA, March 27.—The following is an outline of the resolutions adopted by the Farmers' Alliance conference, now in session here:

First. Demanding legislative enactment apportioning the shrinkage of farm values that are under mortgage obligations by reason of a contraction of the circulating medium or other unjust legislation between the mortgagor and the mortgagee in proportion to their respective interests at the time the mortgage was drawn.

Second. Demanding that congress appoint a commission to investigate the original bill relating to national bonds, for the purpose of ascertaining whether the word "for" was erased, and the word "after" substituted, making the bonds payable with the premium of 20 or 25 per cent.

Third. Demanding the election of United States senators by direct vote of the people.

Fourth. Demanding the elections of railroad commissioners by direct vote of the people, and that they be given plenary powers to regulate rates as is now the law in Iowa.

Fifth. Demands that an amendment to the state constitution be submitted to the people allowing the legislative enactment of exemption of homesteads occupied by their owners from taxation and that accumulative system of taxation be levied on lands held for speculative purposes by non-residents, aliens or corporations in proportion to the increase of valuation.

Sixth. Recommends the organization by the Alliance of a lecture bureau, which shall provide lectures for the better education of the members of the order.

Seventh. Recommends that the taxes paid by railroads built by the aid of the county bonds shall be part of the county school funds, and where townships have bonded taxes so accruing shall be divided among the school districts of the township.

The eighth resolution denouncing Senator Ingall's course has already been published. A proposition to make the alliance a political organization was defeated.

COLUMBIA, S. C., March 27.—Unusual interest is manifested in the Farmers' association, state and county, which meets here to-day. The farmers issued a manifesto some weeks ago, charging that the state was now being governed by an "aristocratic anarchy" and calling a convention, which is to nominate a candidate for each state office, from governor down, to be put in the field for ratification or rejection by the next democratic state convention.

The manifesto contained the most serious charges against the state government and the democratic party.

A special reference was made to the frequent lynchings which are attributed to bad laws and their inefficient administration. Thirty counties will be represented in the convention by about 360 delegates. Five counties refused to have anything to do with the convention.

The extremists wish to nominate Captain Ben Tilman for governor, the conservatives being believers in awaiting the action of the regular state convention, while it is hardly probable that the Tilmanites will have the numerical strength to control the convention and it is believed that the effort to make nominations will fail.

COUNTERFEITERS ARRESTED.

A Book Agent and His Wife Under Arrest at Buffalo.

BUFFALO, N. Y., March 27.—For weeks past a number of complaints have been received by the police authorities that a large amount of spurious coin was in circulation in this city. Ten cent pieces and dollars were the coins mostly issued by the counterfeiters and of such excellent make that it was with the utmost difficulty that they were detected.

Last night officers arrested William Slattery, a book agent, and May Slattery, his wife. Upon searching their room, four newly made 10-cent pieces, a bogus dollar, a plaster paris mould, metal, ladles and other articles used in making money were discovered.

A DEFAULTER.

Wm. Rofute, agent for the White Sewing Maching company, has left town with a valuable horse and sewing machine wagon, worth about $200, belonging to the sewing machine company. Rofute left a wife and six small children penniless.

THE OLD ROMAN.

TWO HOOSIER P. M'S.

G. P. Graffe Appointed at Knightstown and F. H. Doran at Michigan City--Washington News.

WASHINGTON, March 27.—The president sent the following nominations to the senate to-day:

Postmasters—Indiana—G. P. Graffe, Knightstown; F. H. Doran, Michigan City.

The senate to-day passed the house bill to amend the census act of March 3, 1889, the effect of it being to allow special agents $3 a day for subsistence when traveling; also a bill to suspend for one year the law requiring vessels to carry life saving projectiles.

The senate passed also, house bill authorizing the purchase of 2,500 tents for the use of the flood sufferers of Arkansas, Mississippi and Louisiana, and appropriating $25,000 for the purpose. The anti-trust bill was then taken up.

The house met to-day at 11 o'clock, and immediately proceeded to consider the Wyoming admission bill. An amendment offered by Mr. Springer, of Illinois, providing for another convention called under an act of congress, was referred.

The house and senate committees on immigration at a joint meeting held this morning determined to refer the general subject of restricting immigration to a sub-committee of six, to report in the purchase of American industries by another sub-committee of six and to take up in full committee Tuesday the question of buying Bedloe's Island for an immigrant station.

The senate has voted 31 and 28 to refer the anti-trust bill to the judiciary committee with instructions to report in twenty days.

TOLD BRIEFLY.

Many of the Sentinel's Telegrams Cut Short and Bunched Together.

TIFFIN, Ohio., March 27.—John Gast, an old soldier, who lives alone near West Lodi, was called from his house last night about midnight by a trio of masked men, terribly beaten and $30 in pension money stolen. He failed to recognize his assailants and the officers are without any clue.

CHICAGO, March 27.—Wee Lee, the Chinese laundryman arrested last night, charged with assaulting Mary Wagner, the fourteen-year-old Polish girl, was held for trirl April 12 this morning in bonds of $600.

WORCESTER, Mass., March 27.—Rev. W. V. W. Davis, of the Union church, has declined his recent flattering call to Minneapols, Minn.

NEW YORK, March 27.—The examination of George H. Pell, who is accused of wrecking the Sixth National bank, was adjourned for two weeks.

NEW YORK, March 27.—Henry W. Klutshake, the artist of the Sir John Franklin Arctic search party of 1878, died here yesterday, aged forty-two years. Mr. Klutshake was a man of varied talent, but lacked the business instinct and died in penury.

BALTIMORE, Md., March 27.—The Sun says: "It can be stated authoritatively that First Assistant Postmaster General Clarkson will resign at no late day. When Mr. Clarkson accepted the office it was with the understanding that he would leave at the end of a year."

CAIRO, Ill., March 27.—John Myers' wife and two daughters were drowned Tuesday night, near Villa Ridge, by the collapse of Myers' house, which had been undermined by the overflow from the rivers. Meyers escaped.

FORT DODGE, Ia., March 27.—Lester B. Van Sant, messenger for the American Express company here, was arrested last evening, charged with robbing the express packages left in his care. He pleaded guilty, and is now in jail.

COOKE CITY, Mont., March 27.—The work on the Mountain Line silver mine which has been in progress during the winter, has just resulted in the discovery of the greatest body of silver ore that has thus far been found in the state of Montana.

EAST TAWAS, Mich., March 27.—Andrew and William Benoit, of Mount Clemens, and Wm. Flynn, of Sanilic, are still in jail at Tawas City on the charge of assaulting Florence Nightingdale. Their examination has been postponed awaiting the recovery of Miss Nightingdale. Indignant citizens, who resolved to invoke the aid of Judge Lynch, have concluded not to take any rash measures until after the examination, awaiting the recognition of Miss Nightingdale. The Benoit brothers insist on their innocence of the charge.

SUPERVISOR BESHORE.

He Arrives in the City and Talks on Census Matters.

S. B. Beshore, supervisor of census of the Sixth district, was in the city to-day arranging to sub-divide the city and county into proper enumerators' districts for the purpose of taking the eleventh census.

Each ward will have two enumerators, excepting the Tenth, which will have but one.

Each township will have one, excepting Adams, which will have an extra for New Haven, and Wayne, which will have [illegible] South Wayne.

COMES BY CABLE!

More Fighting at Dahomey--Count Herbert Bismarck Honored--The Eight Hour Law.

PARIS, March 27.—Advices received here state that there has been further fighting in Dahomey. The latest skirmish took place at Katonen between the French troops and the natives and the allies of the latter. During the engagement three were killed and twelve wounded.

YOKOHAMA, March 27.—The industrial exhibition here has been opened in person by the Mikado.

BERLIN, March 27.—The emporer has decorated Count Herbert Bismarck with the color and order of Hohenzolenn.

LONDON, March 27.—It is very doubtful if any progress will be made this season in regard to the eight hour movement. Legislators are for the most part chary of it, the country is not ready for it and the movement itself cannot be said to be popular. In branches of labor, especially in mining, an eight hour law might be available and promote the welfare of the men, but in any employment such a law would be felt to be a distinct interference with the rights of the working classes.

As a mass the latter do not regard the movement with much favor and a few of their representatives are agitating with a view of its accomplishment.

The few members of parliament who have undertaken to father the movement have but little real influence, that of Lord Randolph Churchill, one of its pronounced promoters having decidedly waned since his recent attack upon the government. It is felt that a voluntary movement in favor of eight hours as a working day would be a grand thing, and would do much to aid the condition of the working classes, but a compulsory law would work untold evil, and carry much distress in its train.

PARIS, March 27.—A letter from Siberia received here states that three men and women were arrested for writing an appeal to the Russian people complaining of the conduct of Ostoshkin in the Yakutzk affair. The prisoners will probably be sentenced to death.

LIVERPOOL, March 27.—A rupture has occurred in the negotiations for the settlement of the dock laborers strike. The delegates on behalf of the men demanded that the employes dismiss the imported hands, but this the employers refused to do, and an agreement now seems as remote as ever.

GETS FIVE YEARS.

Rochester's Embezzling City Treasurer Must Go to Prison.

ROCHESTER, N. Y., March 27.—In the Oyer and Terminer this morning, Judge Adams presiding, John A. Davis, late city treasurer of Rochester, pleaded guilty to the charge of embezzlement and was sentenced to Auburn state prison for five years. The amount of his embezzlement is $161,000.

LOOK OUT FOR RAIN.

March is Preparing to Go Out With a Bluster.

WASHINGTON, March 27.—For Indiana—General rains; severe storms; easterly winds and warmer to-day; winds shifting to northwesterly and colder tomorrow.

Forest Fires.

EGG HARBOR, N. J., March 27.—An extensive forest fire is raging near this place and it is estimated that fully 10,000 acres are in flames. The town is covered with dense clouds of smoke, completely hiding the sun. There is little danger of the fire spreading to farm buildings.

"Lakeside" Park Addition.

Since the report of lots sold in Lakeside park addition, published in THE SENTINEL a couple of days since, there have been selected by persons, most of whom will build the coming year, the following numbers: 35, 39, 40, 57, 70, 73. 86, 90, 101, 105, 113, 117, 118, 131, 132, 145, 146, 159, 160, 161, 163, 175, 176, 191, 192, 224, 239, 240, 255, 376, 383 and 425. The interest continues and a number of sales are on the tapis as we go to press.

LOW LANDS DOOMED.

The Floods in the South Doing Great Damage--Scenes Vividly Described--Levees Break.

MEMPHIS, Tenn., March 27.—The low lands of Mississippi and Arkansas seem to be doomed. Levees are continually breaking and the floods are practically beyond control. Work on the crevasse at Arkansas City has been suspended, which means devastation for that section. At Skipanith, sixty miles below Greenville, a big levee broke yesterday morning, overflowing the little village and sweeping away several houses. The break was instantaneous.

A leading citizen, standing in four feet of water and holding his child on his shoulders, telephoned an appeal for a skiff and boats to rescue the drowning people. He had seen two of his neighbors drown close to him, and expected that many more would suffer the same fate. He claims that the people living in the country cannot escape. Repeated warnings have had no effect on them, as they felt secure behind their big levees.

The break is bad and the levee is melting like a snow bank. Rescuing parties in boats and skiffs have been organized at various points. Live stock will be drowned by the thousands, as no provision has been made for removing them and the government boats patroling the banks can do no more than rescue human lives.

FIREMEN'S BENEFIT.

A Worthy Project Which the People of Fort Wayne Will Willingly Aid.

The recent disastrous accident at Indianapolis, by which twelve brave firemen lost their lives while in the discharge of their duties, and in which many others were badly injured and disabled, has called out expressions of sympathy from every part of the state. These men left families dependent on them for support, and to add to the fund already raised, a grand benefit concert will be given at Indianapolis on the evening of the 31st inst.

Chief Hilbrecht, of this city, has received 200 tickets for disposal, and the following letter, signed by Mayor Harding and himself, will explain itself:

Editor of The Sentinel.

Please state through the columns of your paper that there will be a benefit concert given in Dixson's & English's opera house, in Indianapolis, on Monday next, the 31st instant, for the benefit of the firemen killed in the late fire at Indianapolis. Tickets are $1.00 each. The management have sent 200 tickets to be disposed of in this city, and as we have not called on the citizens for any help heretofore, we would be glad if they would buy the tickets with their usual liberality, so that we can dispose of all of them without delay. For this purpose our chief of fire department will call on our business men during this week.

DANIEL L. HARDING, Mayor,
HENRY HILBRECHT,
Chief of Fire Department.

WILL TAKE THE CAKE.

Madam Naomi's Visit to This City Will Be the Event of Next Week.

The interest that the coming of Madam Naomi, the Michigan beauty, to this city is exciting among all clases is something wonderful. Her name, within the last few weeks, has become a household word, every since it has become known that she was looking for a husband and would bestow her hand, her heart, and her fortune upon the young man who pleased her fancy and who had the moral courage to declare that fact in public. This she will give some fellow a chance to do, and it is safe to say that next Monday night, when she appears on the World's Museum stage, she will have a host of admirers, and all will be anxious to secure this prize in the matrimonial market.

There will be fun next Monday night at the World's Museum and Madam Naomi will be the central figure of interest. Manager Geary will have great crowds all the week and every other attraction might just as well side track itself until the Michigan lady has secured her husband, for she'll catch everybody.

IT WAS FATAL.

Albert Burnett Could Not Survive His Terrible Injuries.

Albert Burnett, the colored youth who fell under a Pittsburg engine at the south depot yesterday afternoon about two o'clock, died last evening from the effects of his injuries.

Dr. E. L. Sivers, acting in place of County Physcian J. M. Dinnen, who was absent, had enlisted the assistance of Dr. W. W. Barnett, and it was the intention to amputate both of the boy's legs if the patient rallied, which, however, the unfortunate fellow did not do.

The parents of the deceased live in Adams township, near the east yards, and the father is a stave cutter.

Young Burnett was seventeen years of age.

The funeral will be held to-morrow at 2 p. m. from the African M. E. church.

Spring Opening.

Mr. G. D. Niswonger, at No. 17 West Berry street, wishes to inform the public that he will have on sale to-morrow the finest variety of fresh water and ocean fish ever taken from the water.

THREE MEN KILLED!

By a Train on the Erie Railroad--The Dead Men Supposed to be Burglars.

SUSQUEHANNA, Pa., March 27.—Train No. 14 on the Erie railroad killed three men at Red Rock, a small hamlet seven miles west of here, early this morning. The men are as yet unidentified and were all well dressed.

About 10:45 last night the safe in Parker's coal office at Binghampton, N. Y., was blown open by men who were evidently accustomed to the business. The men killed at Red Rock are supposed to be the men by whom the burglary was committed.

AN IMPORTANT PATENT.

An Interference Suit in Which Inventor Slattery Is a Party—Depositions Taken in this City.

Major Bailey, of Washington, D. C., and Hon. Charles Terry, of Boston, who were in the city for a week past, left for the east last night. These gentlemen are prominent attorneys who come here in behalf of Mr. Shallenberger, an electrican for the Westinghouse company, to take depositions in an interference case now pending before the commissioner of patents.

M. M. M. Slattery very recently perfected an electrical meter and applied for a patent. About the same time Mr. Shallenberger completed his invention of the same device and also applied for a patent. It remains to be seen whose invention is accepted and patent granted, for both cannot be used or manufactured without one infringing the other.

This meter obtains by its accuracy and adaptability great advantages over many electrical inventions of the age and has untold worth for the owners of patents on the same.

It is a most important matter and the best available legal talent will be retained to present both sides before the proper authorities in order to prove who is entitled to the patent. Judge R. S. Taylor will represent Mr. Slattery.

THE GLOBE GIRDLER.

Miss Nellie Bly in the City and She Will Lecture To-Night.

Miss Nellie Bly, the famous all-around-the-world tourist, arrived in the city this afternoon at 1:20 from Chicago, where she lectured last night. She was met, soon after alighting from the train at the depot, by a SENTINEL reporter.

Miss Bly is yet a girl in appearance, rather tall and slim, and a year or two, perhaps, over twenty years of age. She is a pronounced brunette and her fairly regular and rather ordinary features are lighted up with a pair of large black eyes of unusual beauty and a bright smile that is inclined to make a confidential listener of the one with whom she is conversing.

"I enjoy lecturing," said she to THE SENTINEL reporter, "and I am not certain that I shall go back to newspaper work. One thing sure, I do not go back to the New York World. They have treated me mean. I guess they would put me in jail for contempt of court if I went back to New York now. I was announced to appear as a witness in a libel suit, and refused to do it. I have been asked to write a play, to star on stage, and I do not know what all. I am going to do whatever I can make the most money out of."

Miss Bly will lecture to-night at the City Y. M. C. A. hall, and will be greeted by a large audience.

REV. C. W. CARROLL

Is Elected Pastor of the Plymouth Congregational Church.

At a large and enthusiastic meeting of the members of the Plymouth Congregational church held last evening a unanimous call was extended to Rev. C. W. Carroll, of Steubenville, O., to become the pastor of the church at a salary of $1,800 a year, and the reverend gentleman will probably accept and soon enter upon the duties of his new position.

Rev. Carroll is a brilliant pulpit orator and an efficient church worker. His sermons preached last Sunday were favorably received by the large audience present. He will receive a cordial welcome to our city, not only by the members of the church which he comes to preside over, but by the citizens generally.

TWO RUNAWAYS.

Henry Stellhorn Injured—Aurentz's Grocery Wagon Wrecked.

Henry Stellhorn, a farmer of Milan township, had two ribs fractured yesterday. The accident was caused by his horses running away while he was loading a wagon. He was taken to the house of his brother-in-law, Henry Rahe, the furniture dealer, for medical attendance.

This morning a horse belonging to S. A. Aurentz, the West Main street grocer, ran away. The animal ran through Harmony court, from which it emerged minus the vehicle, which was badly wrecked.

To-morrow and Saturday are the opening days at Mrs. E. A. Flagler's millinery store, 14 West Berry street.

DID you ever spoil a stamped envelope in attemping to write an address upon it? Or have you lost stamps because they had gotten sticky and adhered to each other? If so you should know that all stamped envelopes which are spoiled by mistakes committed in superscribing will be redeemed by the postoffice department at their full stamp value. Postage stamps damaged by sticking together in warm or damp weather, or for other causes before using, may be returned to the department and their value repaid to the purchaser or exchanged for new stamps. COMMON COUNCIL.

The Wayne Street Improvement Bond Ordinance up Again—The Usual Grist of Resolutions.

REPORT OF CITY CIVIL ENGINEER.

The levels and cross-sections have been taken and plans and profiles prepared for the improvement of all streets requiring consideration up to the 1st day of April. I have also prepared complete specifications of a general character in reference to the several kinds of street improvements contemplated, with the exception of the clause pertaining to the manner of making assessments and payments for the work. I, therefore, respectfully recommend that the plans and specifications aforesaid be referred to the street committee and city attorney with power to act, as it is highly important that copies of the specifications should be printed at once.

The work of preparing plans for the improvements to be considered on the 8th of April, are in course of preparation, and will be ready in due time.

There is a "Home of Rest for horses" in London.

Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing and disgusting ills the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

Lakeside Park Addition Opened to the Public.

The Greatest Sale of Lots Ever Known in Ft. Wayne—Seventy Thousand Dollars Worth of Lots Sold in One Day.

The Elegant Character of the Improvements to be made, the Nearness of the Lots to the Heart of the City, and the Exceeding Low Prices at Which They are Offered, Account for the Great Rush to Secure Them.

The gentlemen composing the Land Company, are well aware that the prices fixed upon the lots in their new addition, are only about half their real value, but they did not go into this enterprise simply for the money that was in it, but largely because of their interest in Fort Wayne, and their desire to secure for it an attractive lake and park, that would afford a pleasant place of resort for all our people. They are quite willing that those who purchase lots shall share with them in a portion of the profits arising from the platting of these lands, especially in the case of those who purchase at the start.

The unprecedented sales of $70,000 worth of these lots the first day they were offered to the public, is evidence of the confidence of our own people in the value of these lots as an investment upon which large profits cannot help being realized.

The company is having many inquiries about these lots from citizens of neighboring towns, who show a disposition to share in the profits of Fort Wayne real estate. Correspondence of that character will be promptly attended to if addressed to the

A SERIOUS MISTAKE.

Much mischief is done in the treatment of constipation. The common opinion is that all requirements are fulfilled if the medicine forces unloading of the bowels. A great error. Medicine simply purgative, corrects no morbid condition, consequently their use is followed by greater costiveness. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective and carthartic properties. These are admirably combined in Dr. Tutt's Liver Pills. They will, in a short time, cure all the sufferings that result from inactive bowels. They give tone to the intestines, stimulate the secretions, and correct imperfect functional action of the stomach and liver.

LENTEN SERMON.

Chancellor Lang Discourses on Penance From the Cathedral Pulpit.

The Lenten services at the Cathedral last night were largely attended, every seat in the vast edifice being occupied. The sermon was preached by Chancellor J. F. Lang. The reverend father took as his subject the necessity of penance in religious life. He spoke of the penance practiced by the people of God, as mentioned in the old and new testaments. Christ commanded it and said "unless you do penance you shall perish." To do penance for sin is a religious duty, said the speaker, and arises from the sense of our obligations to God, whose laws and commands we have violated, and who has the right to demand such requirements of us.

He urged his hearers to be true to their Christian duties and closed with an appeal to the young men who had become forgetful or careless of their vows, to return to the right and comply with the requirements of religion. The sermon was an eloquent one, and found its way to the hearts of his hearers. Father Lang is a forcible and pleasant speaker. His thoughts are clothed in words which are eloquent and earnest, and simplicity, so valuable to a public speaker, is one of the distinguishing features of his discourses. It is always a pleasure to listen to him. In preaching last evening he occupied the place of Father Byrne, who was prevented from being in the pulpit on account of sickness.

FARMERS' DEMANDS.

Their Alliance Seeking Legislation in Kansas and Attempting to Control Nominations in South Carolina.

TOPEKA, March 27.—The following is an outline of the resolutions adopted by the Farmers' Alliance conference, now in session here:

First. Demanding legislative enactment apportioning the shrinkage of farm values that are under mortgage obligations by reason of a contraction of the circulating medium or other unjust legislation between the mortgagor and the mortgagee in proportion to their respective interests at the time the mortgage was drawn.

Second. Demanding that congress appoint a commission to investigate the original bill relating to national bonds, for the purpose of ascertaining whether the word "for" was erased, and the word "after" substituted, making the bonds payable with the premium of 20 or 25 per cent.

Third. Demanding the election of United States senators by direct vote of the people.

Fourth. Demanding the elections of railroad commissioners by direct vote of the people, and that they be given plenary powers to regulate rates as is now the law in Iowa.

Fifth. Demands that an amendment to the state constitution be submitted to the people allowing the legislative enactment of exemption of homesteads occupied by their owners from taxation and that accumulative system of taxation be levied on lands held for speculative purposes by non-residents, aliens or corporations in proportion to the increase of valuation.

Sixth. Recommends the organization by the Alliance of a lecture bureau, which shall provide lectures for the better education of the members of the order.

Seventh. Recommends that the taxes paid by railroads built by the aid of the county bonds shall be part of the county school funds, and where townships have bonded taxes so accruing shall be divided among the school districts of the township.

The eighth resolution denouncing Senator Ingall's course has already been published. A proposition to make the alliance a political organization was defeated.

COLUMBIA, S. C., March 27.—Unusual interest is manifested in the Farmers' association, state and county, which meets here to-day. The farmers issued a manifesto some weeks ago, charging that the state was now being governed by an "aristocratic anarchy" and calling a convention, which is to nominate a candidate for each state office, from governor down, to be put in the field for ratification or rejection by the next democratic state convention.

The manifesto contained the most serious charges against the state government and the democratic party.

A special reference was made to the frequent lynchings which are attributed to bad laws and their inefficient administration. Thirty counties will be represented in the convention by about 360 delegates. Five counties refused to have anything to do with the convention.

The extremists wish to nominate Captain Ben Tilman for governor, the conservatives being believers in awaiting the action of the regular state convention, while it is hardly probable that the Tilmanites will have the numerical strength to control the convention and it is believed that the effort to make nominations will fail.

COUNTERFEITERS ARRESTED.

A Book Agent and His Wife Under Arrest at Buffalo.

BUFFALO, N. Y., March 27.—For weeks past a number of complaints have been received by the police authorities that a large amount of spurious coin was in circulation in this city. Ten cent pieces and dollars were the coins mostly issued by the counterfeiters and of such excellent make that it was with the utmost difficulty that they were detected.

Last night officers arrested William Slattery, a book agent, and May Slattery, his wife. Upon searching their room, four newly made 10-cent pieces, a bogus dollar, a plaster paris mould, metal, ladles and other articles used in making money were discovered.

A DEFAULTER.

Wm. Rofute, agent for the White Sewing Maching company, has left town with a valuable horse and sewing machine wagon, worth about $200, belonging to the sewing machine company. Rofute left a wife and six small children penniless.

THE OLD ROMAN.

TWO HOOSIER P. M'S.

G. P. Graffe Appointed at Knightstown and F. H. Doran at Michigan City—Washington News.

WASHINGTON, March 27.—The president sent the following nominations to the senate to-day:

Postmasters—Indiana—G. P. Graffe, Knightstown; F. H. Doran, Michigan City.

The senate to-day passed the house bill to amend the census act of March 3, 1889, the effect of it being to allow special agents $3 a day for subsistence when traveling; also a bill to suspend for one year the law requiring vessels to carry life saving projectiles.

The senate passed also, house bill authorizing the purchase of 2,500 tents for the use of the flood sufferers of Arkansas, Mississippi and Louisiana, and appropriating $25,000 for the purpose. The anti-trust bill was then taken up.

The house met to-day at 11 o'clock, and immediately proceeded to consider the Wyoming admission bill. An amendment offered by Mr. Springer, of Illinois, providing for another convention called under an act of congress, was referred.

The house and senate committees on immigration at a joint meeting held this morning determined to refer the general subject of restricting immigration to a sub-committee of six, to report in the purchase of American industries by another sub-committee of six and to take up in full committee Tuesday the question of buying Bedloe's Island for an immigrant station.

The senate has voted 31 and 28 to refer the anti-trust bill to the judiciary committee with instructions to report in twenty days.

TOLD BRIEFLY.

Many of the Sentinel's Telegrams Cut Short and Bunched Together.

TIFFIN, Ohio., March 27.—John Gast, an old soldier, who lives alone near West Lodi, was called from his house last night about midnight by a trio of of masked men, terribly beaten and $80 in pension money stolen. He failed to recognize his assailants and the officers are without any clue.

CHICAGO, March 27.—Wee Lee, the Chinese laundryman arrested last night, charged with assaulting Mary Wagner, the fourteen-year-old Polish girl, was held for trial April 12 this morning in bonds of $600.

WORCESTER, Mass., March 27.—Rev. W. V. W. Davis, of the Union church, has declined his recent flattering call to Minneapols, Minn.

NEW YORK, March 27.—The examination of George H. Pell, who is accused of wrecking the Sixth National bank, was adjourned for two weeks.

NEW YORK, March 27.—Henry W. Klutshake, the artist of the Sir John Franklin Arctic search party of 1878, died here yesterday, aged forty-two years. Mr. Klutshake was a man of varied talent, but lacked the business instinct and died in penury.

BALTIMORE, Md., March 27.—The Sun says: "It can be stated authoritatively that First Assistant Postmaster General Clarkson will resign at no late day. When Mr. Clarkson accepted the office it was with the understanding that he would leave at the end of a year."

CAIRO, Ill., March 27.—John Myers' wife and two daughters were drowned Tuesday night, near Villa Ridge, by the collapse of Myers' house, which had been undermined by the overflow from the rivers. Moyers escaped.

FORT DODGE, Ia., March 27.—Lester B. Van Sant, messenger for the American Express company here, was arrested last evening, charged with robbing the express packages left in his care. He pleaded guilty, and is now in jail.

COOKE CITY, Mont., March 27.—The work on the Mountain Line silver mine which has been in progress during the winter, has just resulted in the discovery of the greatest body of silver ore that has thus far been found in the state of Montana.

EAST TAWAS, Mich., March 27.—Andrew and William Benoit, of Mount Clemens, and Wm. Flynn, of Sanilic, are still in jail at Tawas City on the charge of assaulting Florence Nightingdale. Their examination has been postponed awaiting the recovery of Miss Nightingdale. Indignant citizens, who resolved to invoke the aid of Judge Lynch, have concluded not to take any rash measures until after the examination, awaiting the recognition of Miss Nightingdale. The Benoit brothers insist on their innocence of the charge.

SUPERVISOR BESHORE.

He Arrives in the City and Talks on Census Matters.

S. B. Beshore, supervisor of census of the Sixth district, was in the city to day arranging to sub-divide the city and county into proper enumerators' districts for the purpose of taking the eleventh census.

Each ward will have two enumerators, excepting the Tenth, which will have but one.

Each township will have one, excepting Adams, which will have an extra for New Haven, and Wayne, which will have an extra for South Wayne.

COMES BY CABLE!

More Fighting at Dahomey—Count Herbert Bismarck Honored—The Eight Hour Law.

PARIS, March 27.—Advices received here state that there has been further fighting in Dahomey. The latest skirmish took place at Katonen between the French troops and the natives and the allies of the latter. During the engagement three were killed and twelve wounded.

YOKOHAMA, March 27.—The industrial exhibition here has been opened in person by the Mikado.

BERLIN, March 27.—The emperor has decorated Count Herbert Bismarck with the color and order of Hohenzolern.

LONDON, March 27.—It is very doubtful if any progress will be made this season in regard to the eight hour movement. Legislators are for the most part chary of it, the country is not ready for it and the movement itself cannot be said to be popular. In branches of labor, especially in mining, an eight hour law might be available and promote the welfare of the men, but in any employment such a law would be felt to be a distinct interference with the rights of the working classes.

As a mass the latter do not regard the movement with much favor and a few of their representatives are agitating with a view of its accomplishment.

The few members of parliament who have undertaken to father the movement have but little real influence, that of Lord Randolph Churchill, one of its pronounced promoters having decidedly waned since his recent attack upon the government. It is felt that a voluntary movement in favor of eight hours as a working day would be a grand thing, and would do much to aid the condition of the working classes, but a compulsory law would work untold evil, and carry much distress in its train.

PARIS, March 27.—A letter from Siberia received here states that three men and women were arrested for writing an appeal to the Russian people complaining of the conduct of Ostoshkin in the Yakutzk affair. The prisoners will probably be sentenced to death.

LIVERPOOL, March 27.—A rupture has occurred in the negotiations for the settlement of the dock laborers strike. The delegates on behalf of the men demanded that the employes dismiss the imported hands, but this the employers refused to do, and an agreement now seems as remote as ever.

GETS FIVE YEARS.

Rochester's Embezzling City Treasurer Must Go to Prison.

ROCHESTER, N. Y., March 27.—In the Oyer and Terminer this morning, Judge Adams presiding, John A. Davis, late city treasurer of Rochester, pleaded guilty to the charge of embezzlement and was sentenced to Auburn state prison for five years. The amount of his embezzlement is $161,000.

LOOK OUT FOR RAIN.

March is Preparing to Go Out With a Bluster.

WASHINGTON, March 27.—For Indiana—General rains; severe storms; easterly winds and warmer to day; winds shifting to northwesterly and colder to-morrow.

Forest Fires.

EGG HARBOR, N. J., March 27.—An extensive forest fire is raging near this place and it is estimated that fully 10,000 acres are in flames. The town is covered with dense clouds of smoke, completely hiding the sun. There is little danger of the fire spreading to farm buildings.

"Lakeside" Park Addition.

The interest continues and a number of sales are on the tapis as we go to press.

LOW LANDS DOOMED.

The Floods in the South Doing Great Damage—Scenes Vividly Described—Levees Break.

MEMPHIS, Tenn., March 27.—The low lands of Mississippi and Arkansas seem to be doomed. Levees are continually breaking and the floods are practically beyond control. Work on the crevasse at Arkansas City has been suspended, which means devastation for that section. At Skipanith, sixty miles below Greenville, a big levee broke yesterday morning, overflowing the little village and sweeping away several houses. The break was instantaneous.

A leading citizen, standing in four feet of water and holding his child on his shoulders, telephoned an appeal for a skiff and boats to rescue the drowning people. He had seen two of his neighbors drown close to him, and expected that many more would suffer the same fate. He claims that the people living in the country cannot escape. Repeated warnings have had no effect on them, as they felt secure behind their big levees.

The break is bad and the levee is melting like a snow bank. Rescuing parties in boats and skiffs have been organized at various points. Live stock will be drowned by the thousands, as no provision has been made for removing them and the government boats patroling the banks can do no more than rescue human lives.

FIREMEN'S BENEFIT.

A Worthy Project Which the People of Fort Wayne Will Willingly Aid.

The recent disastrous accident at Indianapolis, by which twelve brave firemen lost their lives while in the discharge of their duties, and in which many others were badly injured and disabled, has called out expressions of sympathy from every part of the state. These men left families dependent on them for support, and to add to the fund already raised, a grand benefit concert will be given at Indianapolis on the evening of the 31st inst.

Chief Hilbrecht, of this city, has received 200 tickets for disposal, and the following letter, signed by Mayor Harding and himself, will explain itself:

Editor of The Sentinel.

Please state through the columns of your paper that there will be a benefit concert given in Dixson's & English's opera house, in Indianapolis, on Monday next, the 31st instant, for the benefit of the firemen killed in the late fire at Indianapolis. Tickets are $1.00 each. The management have sent 200 tickets to be disposed of in this city, and as we have not called on the citizens for any help heretofore, we would be glad if they would buy the tickets with their usual liberality, so that we can dispose of all of them without delay. For this purpose our chief of fire department will call on our business men during this week.

DANIEL L. HARDING, Mayor.
HENRY HILBRECHT,
Chief of Fire Department.

WILL TAKE THE CAKE.

Madam Naomi's Visit to This City Will Be the Event of Next Week.

The interest that the coming of Madam Naomi, the Michigan beauty, to this city is exciting among all classes is something wonderful. Her name, within the last few weeks, has become a household word, ever since it has become known that she was looking for a husband and would bestow her hand, her heart, and her fortune upon the young man who pleased her fancy and who had the moral courage to declare that fact in public. This she will give some fellow a chance to do, and it is safe to say that next Monday night, when she appears on the World's Museum stage, she will have a host of admirers, and all will be anxious to secure this prize in the matrimonial market.

There will be fun next Monday night at the World's Museum and Madam Naomi will be the central figure of interest. Manager Geary will have great crowds all the week and every other attraction might just as well side track itself until the Michigan lady has secured her husband, for she'll catch everybody.

IT WAS FATAL.

Albert Burnett Could Not Survive His Terrible Injuries.

Albert Burnett, the colored youth who fell under a Pittsburg engine at the south depot yesterday afternoon about two o'clock, died last evening from the effects of his injuries.

Dr. E. L. Sivers, acting in place of County Physician J. M. Dinnen, who was absent, had enlisted the assistance of Dr. W. W. Barnett, and it was the intention to amputate both of the boy's legs if the patient rallied, which, however, the unfortunate fellow did not do.

The parents of the deceased live in Adams township, near the east yards, and the father is a stave cutter.

Young Burnett was seventeen years of age.

The funeral will be held to-morrow at 2 p. m. from the African M. E. church.

THREE MEN KILLED!

By a Train on the Erie Railroad—The Dead Men Supposed to be Burglars.

SUSQUEHANNA, Pa., March 27.—Train No. 14 on the Erie railroad killed three men at Red Rock, a small hamlet seven miles west of here, early this morning. The men are as yet unidentified and were all well dressed.

About 10:45 last night the safe in Parker's coal office at Binghampton, N. Y., was blown open by men who were evidently accustomed to the business. The men killed at Red Rock are supposed to be the men by whom the burglary was committed.

AN IMPORTANT PATENT.

An Interference Suit in Which Inventor Slattery Is a Party—Depositions Taken in this City.

Major Bailey, of Washington, D. C., and Hon. Charles Terry, of Boston, who were in the city for a week past, left for the east last night. These gentlemen are prominent attorneys who come here in behalf of Mr. Shallenberger, an electrician for the Westinghouse company, to take depositions in an interference case now pending before the commissioner of patents.

M. M. Slattery very recently perfected an electrical meter and applied for a patent. About the same time Mr. Shallenberger completed his invention of the same device and also applied for a patent. It remains to be seen whose invention is accepted and patent granted, for both cannot be used or manufactured without one infringing the other.

This meter obtains by its accuracy and adaptability great advantages over many electrical inventions of the age and has untold worth for the owners of patents on the same.

It is a most important matter and the best available legal talent will be retained to present both sides before the proper authorities in order to prove who is entitled to the patent. Judge R. S. Taylor will represent Mr. Slattery.

THE GLOBE GIRDLER.

Miss Nellie Bly in the City and She Will Lecture To-Night.

Miss Nellie Bly, the famous all-around-the-world tourist, arrived in the city this afternoon at 1:20 from Chicago, where she lectured last night. She was met, soon after alighting from the train at the depot, by a SENTINEL reporter.

Miss Bly is yet a girl in appearance, rather tall and slim, and a year or two, perhaps, over twenty years of age. She is a pronounced brunette and her fairly regular and rather ordinary features are lighted up with a pair of large black eyes of unusual beauty and a bright smile that is inclined to make a confidential listener of the one with whom she is conversing.

"I enjoy lecturing," said she to THE SENTINEL reporter, "and I am not certain that I shall go back to newspaper work. One thing sure, I do not go back to the New York World. They have treated me mean. I guess they would put me in jail for contempt of court if I went back to New York now. I was announced to appear as a witness in a libel suit, and refused to do it. I have been asked to write a play, to star on stage, and I do not know what all. I am going to do whatever I can make the most money out of."

Miss Bly will lecture to night at the City Y. M. C. A. hall, and will be greeted by a large audience.

REV. C. W. CARROLL.

Is Elected Pastor of the Plymouth Congregational Church.

At a large and enthusiastic meeting of the members of the Plymouth Congregational church held last evening a unanimous call was extended to Rev. C. W. Carroll, of Steubenville, O., to become the paster of the church at a salary of $1,800 a year, and the reverend gentleman will probably accept and soon enter upon the duties of his new position.

Rev. Carroll is a brilliant pulpit orator and an efficient church worker. His sermons preached last Sunday were favorably received by the large audience present. He will receive a cordial welcome to our city, not only by the members of the church which he comes to preside over, but by the citizens generally.

TWO RUNAWAYS.

Henry Stellhorn Injured Aurentz's Grocery Wagon Wrecked.

Henry Stellhorn, a farmer of Milan township, had two ribs fractured yesterday. The accident was caused by his horses running away while he was leading a wagon. He was taken to the house of his brother-in-law, Henry Rahe, the furniture dealer, for medical attendance.

This morning a horse belonging to S. A. Aurentz, the West Main street grocer, ran away. The animal ran through Harmony court, from which it emerged minus the vehicle, which was badly wrecked.

To-morrow and Saturday are the opening days at Mrs. E. A. Flagler's millinery store, 14 West Berry street.

DID you ever spoil a stamped envelope in attemping to write an address upon it? Or have you lost stamps because they had gotten sticky and adhered to each other? If so you should know that all stamped envelopes which are spoiled by mistakes committed in superscribing will be redeemed by the postoffice department at their full stamp value. Postage stamps damaged by sticking together in warm or damp weather, or for other causes before using, may be returned to the department and their value repaid to the purchaser or exchanged for new stamps. All redeemed envelopes and stamps are sent by postmasters redeeming them to the department and records of the same are kept. These regulations are, we think, not generally known at large, and their publication may be beneficial to large numbers of people.

COMMON COUNCIL.

The Wayne Street Improvement Bond Ordinance up Again—The Usual Grist of Resolutions.

REPORT OF CITY CIVIL ENGINEER.

The levels and cross-sections have been taken and plans and profiles prepared for the improvement of all streets requiring consideration up to the 1st day of April. I have also prepared complete specifications of a general character in reference to the several kinds of street improvements contemplated, with the exception of the clause pertaining to the manner of making assessments and payments for the work. I, therefore, respectfully recommend that the plans and specifications aforesaid be referred to the street committee and city attorney with power to act, as it is highly important that copies of the specifications should be printed at once.

The work of preparing plans for the improvements to be considered on the 8th of April, are in course of preparation, and will be ready in due time.

While not immediately fatal it is among the most distressing and disgusting ills the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

The Elegant Character of the Improvements to be made, the Nearness of the Lots to the Heart of the City, and the Exceeding Low Prices at Which They are Offered, Account for the Great Rush to Secure Them.

The gentlemen composing the Land Company, are well aware that the prices fixed upon the lots in their new addition, are only about half their real value, but they did not go into this enterprise simply for the money that was in it, but largely because of their interest in Fort Wayne, and their desire to secure for it an attractive lake and park, that would afford a pleasant place of resort for all our people. They are quite willing that those who purchase lots shall share with them in a portion of the profits arising from the platting of these lands, especially in the case of those who purchase at the start.

The unprecedented sales of $70,000 worth of these lots the first day they were offered to the public, is evidence of the confidence of our own people in the value of these lots as an investment upon which large profits cannot help being realized.

The company is having many inquiries about these lots from citizens of neighboring towns, who show a disposition to share in the profits of Fort Wayne real estate. Correspondence of that character will be promptly attended to if addressed to the

A SERIOUS MISTAKE.
Much mischief is done in the treatment of constipation. The common opinion is that all requirements are fulfilled if the medicine forces unloading of the bowels. A great error. Medicine simply purgative, corrects no morbid condition, consequently their use is followed by greater costiveness. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective and cathartic properties. These are admirably combined in Dr. Tutt's Liver Pills. They will, in a short time, cure all the sufferings that result from inactive bowels. They give tone to the intestines, stimulate the secretions, and correct imperfect functional action of the stomach and liver.

LENTEN SERMON.

Chancellor Lang Discourses on Penance From the Cathedral Pulpit.

The Lenten services at the Cathedral last night were largely attended, every seat in the vast edifice being occupied. The sermon was preached by Chancellor J. F. Lang. The reverend father took as his subject the necessity of penance in religious life. He spoke of the penance practiced by the people of God, as mentioned in the old and new testaments. Christ commanded it and said "unless you do penance you shall perish." To do penance for sin is a religious duty, said the speaker, and arises from the sense of our obligations to God, whose laws and commands we have violated, and who has the right to demand such requirements of us.

He urged his hearers to be true to their Christian duties and closed with an appeal to the young men who had become forgetful or careless of their vows, to return to the right and comply with the requirements of religion. The sermon was an eloquent one, and found its way to the hearts of his hearers. Father Lang is a forcible and pleasant speaker. His thoughts are clothed in words which are eloquent and earnest, and simplicity, so valuable to a public speaker, is one of the distinguishing features of his discourses. It is always a pleasure to listen to him. In preaching last evening he occupied the place of Father Byrne, who was prevented from being in the pulpit on account of sickness.

FARMERS' DEMANDS.

Their Alliance Seeking Legislation in Kansas and Attempting to Control Nominations in South Carolina.

TOPEKA, March 27.—The following is an outline of the resolutions adopted by the Farmers' Alliance conference, now in session here:

First. Demanding legislative enactment apportioning the shrinkage of farm values that are under mortgage obligations by reason of a contraction of the circulating medium or other unjust legislation between the mortgagor and the mortgagee in proportion to their respective interests at the time the mortgage was drawn.

Second. Demanding that congress appoint a commission to investigate the original bill relating to national bonds, for the purpose of ascertaining whether the word "for" was erased, and the word "after" substituted, making the bonds payable with the premium of 20 or 25 per cent.

Third. Demanding the election of United States senators by direct vote of the people.

Fourth. Demanding the elections of railroad commissioners by direct vote of the people, and that they be given plenary powers to regulate rates as is now the law in Iowa.

Fifth. Demands that an amendment to the state constitution be submitted to the people allowing the legislative enactment of exemption of homesteads occupied by their owners from taxation and that accumulative system of taxation be levied on lands held for speculative purposes by non-residents, aliens or corporations in proportion to the increase of valuation.

Sixth. Recommends the organization by the Alliance of a lecture bureau, which shall provide lectures for the better education of the members of the order.

Seventh. Recommends that the taxes paid by railroads built by the aid of the county bonds shall be part of the county school funds, and where townships have bonded taxes so accruing shall be divided among the school districts of the township.

The eighth resolution denouncing Senator Ingall's course has already been published. A proposition to make the alliance a political organization was defeated.

COLUMBIA, S. C., March 27.—Unusual interest is manifested in the Farmers' association, state and county, which meets here to-day. The farmers issued a manifesto some weeks ago, charging that the state was now being governed by an "aristocratic anarchy" and calling a convention, which is to nominate a candidate for each state office, from governor down, to be put in the field for ratification or rejection by the next democratic state convention.

The manifesto contained the most serious charges against the state government and the democratic party.

A special reference was made to the frequent lynchings which are attributed to bad laws and their inefficient administration. Thirty counties will be represented in the convention by about 360 delegates. Five counties refused to have anything to do with the convention.

The extremists wish to nominate Captain Ben Tillman for governor, the conservatives being believers in awaiting the action of the regular state convention, while it is hardly probable that the Tillmanites will have the numerical strength to control the convention and it is believed that the effort to make nominations will fail.

COUNTERFEITERS ARRESTED.

A Book Agent and His Wife Under Arrest at Buffalo.

BUFFALO, N. Y., March 27.—For weeks past a number of complaints have been received by the police authorities that a large amount of spurious coin was in circulation in this city. Ten cent pieces and dollars were the coins mostly issued by the counterfeiters and of such excellent make that it was with the utmost difficulty that they were detected.

Last night officers arrested William Slattery, a book agent, and May Slattery, his wife. Upon searching their room, four newly made 10-cent pieces, a bogus dollar, a plaster paris mould, metal, ladles and other articles used in making money were discovered.

A DECAMPER.

Wm. Rofnte, agent for the White Sewing Machine company, has left town with a valuable horse and sewing machine wagon, worth about $200, belonging to the sewing machine company. Rofnte left a wife and six small children penniless.

THE OLD ROMAN.

Judge Thurman's Next Birthday Will Be Made an Interesting Event.

Mr. Cleveland is said to be anxious that the occasion shall be made one of national character, and is one of the prime movers in the affair. He will be present and among those who will be asked to participate are mentioned Chief Justice Fuller, Roger G. Mills, D. M. Dickerson and ex-Speaker Carlisle.

TWO HOOSIER P. M'S.

G. F. Gruffe Appointed at Knightstown and F. H. Doran at Michigan City—Washington News.

WASHINGTON, March 27.—The president sent the following nominations to the senate to-day:

Postmasters—Indiana—G. F. Gruffe, Knightstown; F. H. Doran, Michigan City.

The senate to-day passed the house bill to amend the census act of March 3, 1889, the effect of it being to allow special agents $3 a day for subsistence when traveling; also a bill to suspend for one year the law requiring vessels to carry life saving projectiles.

The senate passed also, house bill authorizing the purchase of 2,000 tents for the use of the flood sufferers of Arkansas, Mississippi and Louisiana, and appropriating $25,000 for the purpose. The anti-trust bill was then taken up.

The house met to-day at 11 o'clock, and immediately proceeded to consider the Wyoming admission bill. An amendment offered by Mr. Springer, of Illinois, providing for another convention called under an act of congress, was referred.

The house and senate committees on immigration at a joint meeting held this morning determined to refer the general subject of restricting immigration to a sub-committee of six, to report in the purchase of American industries by another sub-committee of six and to take up in full committee Tuesday the question of buying Bedloe's Island for an immigrant station.

The senate has voted 31 and 28 to refer the anti-trust bill to the judiciary committee with instructions to report in twenty days.

TOLD BRIEFLY.

Many of the Sentinel's Telegrams Cut Short and Bunched Together.

TIFFIN, Ohio., March 27.—John Gast, an old soldier, who lives alone near West Lodi, was called from his house last night about midnight by a trio of masked men, terribly beaten and $30 in pension money stolen. He failed to recognize his assailants and the officers are without any clue.

CHICAGO, March 27.—Wee Lee, the Chinese laundryman arrested last night, charged with assaulting Mary Wagner, the fourteen-year-old Polish girl, was held for trial April 12 this morning in bonds of $600.

WORCESTER, Mass., March 27.—Rev. W. V. W. Davis, of the Union church, has declined his recent flattering call to Minneapolis, Minn.

NEW YORK, March 27.—The examination of George H. Pell, who is accused of wrecking the Sixth National bank, was adjourned for two weeks.

NEW YORK, March 27.—Henry W. Klutshake, the artist of the Sir John Franklin Arctic search party of 1878, died here yesterday, aged forty-two years. Mr. Klutshake was a man of varied talent, but lacked the business instinct and died in penury.

BALTIMORE, Md., March 27.—The Sun says: "It can be stated authoritatively that First Assistant Postmaster General Clarkson will resign at no late day. When Mr. Clarkson accepted the office it was with the understanding that he would leave at the end of a year."

CAIRO, Ill., March 27.—John Myers' wife and two daughters were drowned Tuesday night, near Villa Ridge, by the collapse of Myers' house, which had been undermined by the overflow from the rivers. Myers escaped.

FORT DODGE, Ia., March 27.—Lester S. Van Sant, messenger for the American Express company here, was arrested last evening, charged with robbing the express packages left in his care. He pleaded guilty, and is now in jail.

COOKE CITY, Mont., March 27.—The work on the Mountain Line silver mine which has been in progress during the winter, has just resulted in the discovery of the greatest body of silver ore that has thus far been found in the state of Montana.

EAST TAWAS, Mich., March 27.—Andrew and William Benoit, of Mount Clemens, and Wm. Flynn, of Sanilac, are still in jail at Tawas City on the charge of assaulting Florence Nightingdale. Their examination has been postponed awaiting the recovery of Miss Nightingdale. Indignant citizens, who resolved to invoke the aid of Judge Lynch, have concluded not to take any rash measures until after the examination, awaiting the recognition of Miss Nightingdale. The Benoit brothers insist on their innocence of the charge.

SUPERVISOR BESHORE.

He Arrives in the City and Talks on Census Matters.

S. G. Beshore, supervisor of census of the Sixth district, was in the city to day arranging to subdivide the city and county into proper enumerators' districts for the purpose of taking the eleventh census.

Each ward will have two enumerators, excepting the Tenth, which will have but one.

Each township will have one, excepting Adams, which will have an extra for New Haven, and Wayne, which will have an extra for South Wayne.

COMES BY CABLE!

More Fighting at Dahomey—Count Herbert Bismarck Honored—The Eight Hour Law.

PARIS, March 27.—Advices received here state that there has been further fighting in Dahomey. The latest skirmish took place at Kalonon between the French troops and the natives and the allies of the latter. During the engagement three were killed and twelve wounded.

YOKOHAMA, March 27.—The industrial exhibition here has been opened in person by the Mikado.

BERLIN, March 27.—The emperor has decorated Count Herbert Bismarck with the color and order of Hohenzolenu.

LONDON, March 27.—It is very doubtful if any progress will be made this season in regard to the eight hour movement. Legislators are for the most part chary of it, the country is not ready for it and the movement itself cannot be said to be popular. In branches of labor, especially in mining, an eight hour law might be available and promote the welfare of the men, but in any employment such a law would be felt to be a distinct interference with the rights of the working classes.

As a mass the latter do not regard the movement with much favor and a few of their representatives are agitating with a view of its accomplishment.

The few members of parliament who have undertaken to father the movement have but little real influence, that of Lord Randolph Churchill, one of its pronounced promoters having decidedly waned since his recent attack upon the government. It is felt that a voluntary movement in favor of eight hours as a working day would be a grand thing, and would do much to aid the condition of the working classes, but a compulsory law would work untold evil, and carry much distress in its train.

PARIS, March 27.—A letter from Siberia received here states that three men and women were arrested for writing an appeal to the Russian people complaining of the conduct of Ostoshkin in the Yakintzk affair. The prisoners will probably be sentenced to death.

LIVERPOOL, March 27.—A rupture has occurred in the negotiations for the settlement of the dock laborers strike. The delegates on behalf of the men demanded that the employes dismiss the imported hands, but this the employers refused to do, and an agreement now seems as remote as ever.

GETS FIVE YEARS.

Rochester's Embezzling City Treasurer Must Go to Prison.

ROCHESTER, N. Y., March 27.—In the Oyer and Terminer this morning, Judge Adams presiding, John A. Davis, late city treasurer of Rochester, pleaded guilty to the charge of embezzlement and was sentenced to Auburn state prison for five years. The amount of his embezzlement is $161,000.

LOOK OUT FOR RAIN.

March is Preparing to Go Out With a Bluster.

WASHINGTON, March 27.—For Indiana—General rains; severe storms; easterly winds and warmer to day; winds shifting to northwesterly and colder to-morrow.

Forest Fires.

EGG HARBOR, N. J., March 27.—An extensive forest fire is raging near this place and it is estimated that fully 10,000 acres are in flames. The town is covered with dense clouds of smoke, completely hiding the sun. There is little danger of the fire spreading to farm buildings.

"Lakeside" Park Addition.

Since the report of lots sold in Lakeside park addition, published in THE SENTINEL a couple of days since, there have been selected by persons, most of whom will build the coming year, the following numbers: 55, 39, 40, 57, 70, 73, 86, 90, 101, 105, 113, 117, 118, 131, 132, 145, 146, 159, 160, 161, 163, 175, 176, 191, 192, 214, 239, 240, 275, 376, 383 and 425. The interest continues and a number of sales are on the tapis as we go to press.

LOW LANDS DOOMED.

The Floods in the South Doing Great Damage—Scenes Vividly Described—Levees Break.

MEMPHIS, Tenn., March 27.—The low lands of Mississippi and Arkansas seem to be doomed. Levees are continually breaking and the floods are practically beyond control. Work on the crevasse at Arkansas City has been suspended, which means devastation for that section. At Skipenith, sixty miles below Greenville, a big levee broke yesterday morning, overflowing the little village and sweeping away several houses. The break was instantaneous.

A leading citizen, standing in four feet of water and holding his child on his shoulders, telephoned an appeal for a skiff and boats to rescue the drowning people. He had seen two of his neighbors drown close to him, and expected that many more would suffer the same fate. He claims that the people living in the country cannot escape. Repeated warnings have had no effect on them, as they felt secure behind their big levees.

The break is bad and the levee is melting like a snow bank. Rescuing parties in boats and skiffs have been organized at various points. Live stock will be drowned by the thousands, as no provision has been made for removing them and the government boats patrolling the banks can do no more than rescue human lives.

FIREMEN'S BENEFIT.

A Worthy Project Which the People of Fort Wayne Will Willingly Aid.

The recent disastrous accident at Indianapolis, by which twelve brave firemen lost their lives while in the discharge of their duties, and in which many others were badly injured and disabled, has called out expressions of sympathy from every part of the state. These men left families dependent on them for support, and to add to the fund already raised, a grand benefit concert will be given at Indianapolis on the evening of the 31st inst.

Chief Hilbrecht, of this city, has received 200 tickets for disposal, and the following letter, signed by Mayor Harding and himself, will explain itself:

Editor of The Sentinel.

Please state through the columns of your paper that there will be a benefit concert given in Dixson's & English's opera house, in Indianapolis, on Monday next, the 31st instant, for the benefit of the firemen killed in the late fire at Indianapolis. Tickets are $1.00 each. The management have sent 200 tickets to be disposed of in this city, and as we have not called on the citizens for any help heretofore, we would be glad if they would buy the tickets with their usual liberality, so that we can dispose of all of them without delay. For this purpose our chief of the department will call on our business men during this week.

DANIEL L. HARDING, Mayor,
HENRY HILBRECHT,
Chief of Fire Department.

WILL TAKE THE CAKE.

Madam Naomi's Visit to This City Will Be the Event of Next Week.

The interest that the coming of Madam Naomi, the Michigan beauty, to this city is exciting among all classes is something wonderful. Her name, within the last few weeks, has become a household word, ever since it has become known that she was looking for a husband and would bestow her hand, her heart, and her fortune upon the young man who pleased her fancy and who had the moral courage to declare that fact in public. This she will give some fellow a chance to do, and it is safe to say that next Monday night, when she appears on the World's Museum stage, she will have a host of admirers, and all will be anxious to secure this prize in the matrimonial market.

There will be fun next Monday night at the World's Museum and Madam Naomi will be the central figure of interest. Manager Geary will have great crowds all the week and every other attraction might just as well side track itself until the Michigan lady has secured her husband, for she'll catch every body.

IT WAS FATAL.

Albert Burnett Could Not Survive His Terrible Injuries.

Albert Burnett, the colored youth who fell under a Pittsburg engine at the south depot yesterday afternoon about two o'clock, died last evening from the effects of his injuries.

Dr. E. L. Sivers, acting in place of County Physician J. M. Dinnen, who was absent, had enlisted the assistance of Dr. W. W. Barnett, and it was the intention to amputate both of the boy's legs if the patient rallied, which, however, the unfortunate fellow did not do.

The parents of the deceased live in Adams township, near the east yards, and the father is a slave cutter.

Young Burnett was seventeen years of age.

The funeral will be held to-morrow at 2 p. m. from the African M. E. church.

THREE MEN KILLED!

By a Train on the Erie Railroad—The Dead Men Supposed to be Burglars.

SUSQUEHANNA, Pa., March 27.—Train No. 14 on the Erie railroad killed three men at Red Rock, a small hamlet seven miles west of here, early this morning. The men are as yet unidentified and were all well dressed.

About 10:45 last night the safe in Parker's coal office at Binghampton, N. Y., was blown open by men who were evidently accustomed to the business. The men killed at Red Rock are supposed to be the men by whom the burglary was committed.

AN IMPORTANT PATENT.

An Interference Suit in Which Inventor Slattery Is a Party—Depositions Taken in This City.

Major Bailey, of Washington, D. C., and Hon. Charles Terry, of Boston, who were in the city for a week past, left for the east last night. These gentlemen are prominent attorneys who came here in behalf of Mr. Shallenberger, an electrican for the Westinghouse company, to take depositions in an interference case now pending before the commissioner of patents.

M. M. Slattery very recently perfected an electrical meter and applied for a patent. About the same time Mr. Shallenberger completed his invention of the same device and also applied for a patent. It remains to be seen whose invention is accepted and patent granted for both cannot be used or manufactured without one infringing the other.

This meter obtains by its accuracy and adaptability great advantages over many electrical inventions of the age and has untold worth for the owners of patents on the same.

It is a most important matter and the best available legal talent will be retained to present both sides before the proper authorities in order to prove who is entitled to the patent. Judge R. S. Taylor will represent Mr. Slattery.

THE GLOBE GIRDLER.

Miss Nellie Bly in the City and She Will Lecture To-Night.

Miss Nellie Bly, the famous all-around-the-world tourist, arrived in the city this afternoon at 1:20 from Chicago, where she lectured last night. She was met, soon after alighting from the train at the depot, by a SENTINEL reporter.

"I enjoy lecturing," said she to THE SENTINEL reporter, "and I am not certain that I shall go back to newspaper work. One thing sure, I do not go back to the New York World. They have treated me mean. I guess they would put me in jail for contempt of court if I went back to New York now. I was announced to appear as a witness in a libel suit, and refused to do it. I have been asked to write a play, to star on stage, and I do not know what all. I am going to do whatever I can make the most money out of."

Miss Bly will lecture to-night at the City Y. M. C. A. hall, and will be greeted by a large audience.

REV. C. W. CARROLL.

Is Elected Pastor of the Plymouth Congregational Church.

At a large and enthusiastic meeting of the members of the Plymouth Congregational church held last evening a unanimous call was extended to Rev. C. W. Carroll, of Steubenville, O., to become the pastor of the church at a salary of $1,800 a year, and the reverend gentleman will probably accept and soon enter upon the duties of his new position.

Rev. Carroll is a brilliant pulpit orator and an efficient church worker. His sermons preached last Sunday were favorably received by the large audience present. He will receive a cordial welcome to our city, not only by the members of the church which he comes to preside over, but by the citizens generally.

TWO RUNAWAYS.

Henry Stellhorn Injured—Another's Grocery Wagon Wrecked.

Henry Stellhorn, a farmer of Milan township, had two ribs fractured yesterday. The accident was caused by his horses running away while he was loading a wagon. He was taken to the house of his brother-in-law, Henry Rehe, the furniture dealer, for medical attendance.

This morning a horse belonging to S. A. Aurentz, the West Main street grocer, ran away. The animal ran through Harmony court, from which it emerged minus the vehicle, which was badly wrecked.

DID you ever spoil a stamped envelope in attemping to write an address upon it? Or have you lost stamps because they had gotten sticky and adhered to each other? If so you should know that all stamped envelopes which are spoiled by mistakes committed in superscribing will be redeemed by the postoffice department at their full stamp value. Postage stamps damaged by sticking together in warm or damp weather, or for other causes before using, may be returned to the department and their value repaid to the purchaser or exchanged for new stamps. All redeemed envelopes and stamps are sent by postmasters redeeming them to the department and records of the same are kept. These regulations are, we think, not generally known at large, and their publication may be beneficial to large numbers of people.

COMMON COUNCIL.

The Wayne Street Improvement Bond Ordinance up Again—The Usual Grist of Resolutions.

REPORT OF CITY CIVIL ENGINEER.

The levels and cross-sections have been taken and plans and profiles prepared for the improvement of all streets requiring consideration up to the 1st day of April. I have also prepared complete specifications of a general character in reference to the several kinds of street improvements contemplated, with the exception of the clause pertaining to the manner of making assessments and payments for the work. I therefore respectfully recommend that the plans and specifications above referred to be referred to the street committee and city attorney with power to act, as it is highly important that copies of the specifications should be obtained at once.

The work of preparing plans for the improvements to be considered on the 8th of April, are in course of preparation, and will be ready in due time.

Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing and disgusting ills the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

A GRAND START.

Lakeside Park Addition Opened to the Public.

The Greatest Sale of Lots Ever Known in Ft. Wayne--Seventy Thousand Dollars Worth of Lots Sold in One Day.

The Elegant Character of the Improvements to be made, the Nearness of the Lots to the Heart of the City, and the Exceeding Low Prices at Which They are Offered, Account for the Great Rush to Secure Them.

The gentlemen composing the Land Company, are well aware that the prices fixed upon the lots in their new addition, are only about half their real value, but they did not go into this enterprise simply for the money that was in it, but largely because of their interest in Fort Wayne, and their desire to secure for it an attractive lake and park, that would afford a pleasant place of resort for all our people. They are quite willing that those who purchase lots shall share with them in a portion of the profits arising from the platting of these lands, especially in the case of those who purchase at the start.

The unprecedented sales of $70,000 worth of these lots the first day they were offered to the public, is evidence of the confidence of our own people in the value of these lots as an investment upon which large profits cannot help being realized.

The company is having many inquiries about these lots from citizens of neighboring towns, who show a disposition to share in the profits of Fort Wayne real estate. Correspondence of that character will be promptly attended to if addressed to the

A SERIOUS MISTAKE.

Much mischief is done in the treatment of constipation. The common opinion is that all requirements are fulfilled if the medicine forces unloading of the bowels. A great error. Medicine simply purgative, corrects no morbid condition, consequently their use is followed by greater costiveness. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective and cathartic properties. These are admirably combined in Dr. Tutt's Liver Pills. They will, in a short time, cure all the sufferings that result from inactive bowels. They give tone to the intestines, stimulate the secretions, and correct imperfect functional action of the stomach and liver.

LENTEN SERMON.

Chancellor Lang Discourses on Penance From the Cathedral Pulpit.

The Lenten services at the Cathedral last night were largely attended, every seat in the vast edifice being occupied. The sermon was preached by Chancellor J. F. Lang. The reverend father took as his subject the necessity of penance in religious life. He spoke of the penance practiced by the people of God, as mentioned in the old and new testaments. Christ commanded it and said "unless you do penance you shall perish." To do penance for sin is a religious duty, said the speaker, and arises from the sense of our obligations to God, whose laws and commands we have violated, and who has the right to demand such requirements of us.

He urged his hearers to be true to their Christian duties and closed with an appeal to the young men who had become forgetful or careless of their vows, to return to the right and comply with the requirements of religion. The sermon was an eloquent one, and found its way to the hearts of his hearers. Father Lang is a forcible and pleasant speaker. His thoughts are clothed in words which are eloquent and earnest, and simplicity, so valuable to a public speaker, is one of the distinguishing features of his discourses. It is always a pleasure to listen to him. In preaching last evening he occupied the place of Father Byrne, who was prevented from being in the pulpit on account of sickness.
